February 11, 2024

**▶ CME Accreditation: 39 points**

American Academy of Cosmetic Surgery Hospital, Dubai - UAE

## COURSE SPEAKER

### **WESAM MANSOUR, MD**

---

He is a board-certified specialist dermatologist from Jordan. His journey in Dermatology started 10 years ago. In 2019 he moved to practice in UAE. Although Dr. Mansour practices aesthetic medicine more commonly in his clinic, he still enjoys and practices medical dermatology as well. Currently he is the medical director of New Look Medical Centers in AL Ain.

He has a great passion for teaching, learning, and sharing experience. He describes himself as a highly analytical person. Additionally, he has vast experience in injectables and developed his own techniques. He believes that Hyaluronic Acid fillers will never die, and he believes in the specificity of the Middle Eastern patients. As a result Dr. Mansour collaborated with Galderma in 2023 as a speaker, consultant, and trainer after distinctly completing the LMT program. And since then, he has been heavily actively involved and representing Galderma in workshops, conferences, and research.
