Pre-Congress Workshop

January 23, 2025 | Jumeirah Emirates Towers, Dubai - UAE

# Welcome Letter

Dear Colleagues and Friends,

On behalf of the Regional Academy of Dermatology & Venereology (**RADV**) and in collaboration with the organizing committee of the **Dermatology Center, Rashid Hospital, Dubai Academic Health Corporation - DAHC**, it is our pleasure to invite you to the Region's Fourth Dermatology & Venereology Conference, which will be held on **January 24 - 25, 2025, at the Jumeirah Emirates Towers, Dubai, UAE**.

The RADV was founded to bring together dermatologists and venereologists from across the globe to share knowledge, discuss the latest research, and foster a collaborative environment for advancing the field. Over the years, our conference has grown significantly, attracting a diverse group of professionals and becoming a key event in the dermatological calendar. The continued success of our conferences is a testament to the dedication and passion of our community.

The RADV 2025 objectives encompass a wide array of topics, including Clinical Updates, Treatment Updates, Pediatric Dermatology, Aesthetics, Sexually Transmitted Infections, Mucosal Diseases, Focus on Hair Disorders, and Dermatology Expert Opinion through case-based discussions. This year, we are also proud to present workshops such as the Scar Workshop, Dermatology Nursing Workshop, Patch Testing for Residents, Basic Dermatopathology for Residents, Nail Surgery Workshop, Dermatology in Daily Practice, and Aesthetic Dermatology.

This conference will provide a platform for young dermatologists to present their abstracts and share cases through panel discussions and quizzes. We expect hundreds of delegates from various specialties such as Dermatology, Pediatrics, Rheumatology, and Obstetrics and Gynecology. We will also host an outstanding group of high-profile international, national, and regional speakers who will cover a broad range of topics in practical dermatology.

The RADV Conference, held annually, is not just a gathering, but a stepping stone in your professional journey. It aspires to evolve into the primary scientific platform for dermatologists across various regions such as the GCC, MENA, Asia, Europe, and the Americas. Each year, we strive to provide the latest updates in dermatological science and practice, fostering knowledge sharing and propelling your professional development.

We look forward to welcoming you to Dubai for an enriching and engaging conference experience.
